

Combination Baskets & Color Bowls

1. Color

Our most popular sellers are the **COOL** color combinations. Start with blue and add the following:

Pink and Gray
Yellow and White

Pink and White
Yellow and light Pinks

Yellow and Gray

For a bolder look, use the **HOT** shades of red, orange, and deep yellow as your base color. Patriotic bowls or red, white and blue are popular for Memorial Day and July 4th.

2. Interest

Use texture and growth habits to complement each other. As a rule, taller growing varieties are placed in the center of the pot with trailing (cascading) materials closer to the edge. Decide on your color combination and select plants from the following:

Centers

Textures

3. Creativity

Let yourself go! The key is to have fun and let your eye be your guide. You might create a combination that is so eye-catching, your neighbors will be in awe of your horticultural skills.
